

GARDEN RESTAURANT

JEDILNI LIST / MENU

Od semena do krožnika

Naš kuharski mojster za vas pripravlja sodobne kulinarične mojstrovine, za katere navdih črpa iz tradicionalne slovenske kuhinje.

Trudimo se, da jih v kar največji meri sestavljamo iz sezonskih pridelkov, ki so zrastle na našem vrtu ali okoliških kmetijah. Kot so to počele že naše babice. Ker verjamemo, da je naravno najbolj okusno.

From seed to plate

Let our master chef seduce you with contemporary culinary masterpieces, inspired by traditional Slovenian cuisine.

We try as much as possible to create them from seasonal produce, grown on our garden or on surrounding farms, just the way our grandmothers used to do. Because we believe that natural equals tasty.
